# BREAK on the LAKE

Cass Lake, MN

A Four Season Vacation Destination

## Cystic Fibrosis Walleye Classic

Every October **Break on the Lake** hosts the Cystic Fibrosis Walleye Classic.

All proceeds from the tournament are donated to the Cystic Fibrosis Research Center.

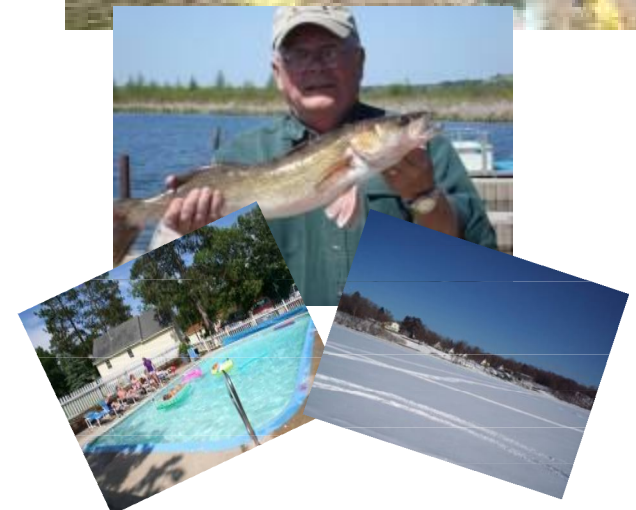

By participating in this tournament you will help us find a cure for this disease.

Call today to find out more information about the tournament.

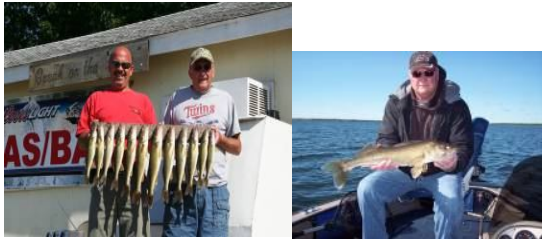

Your Hosts:

**Steve, Julie & Seth Ballou**

**Break on the Lake Resort** is located on 56 secluded acres on the north shore of Cass Lake. It is bordered by state forests and offers easy access to 8 lakes and 2 rivers. Cass Lake is large enough to never see in one week, yet small enough, with many bays and islands, to fish even on windy days.

It is known for its walleye, musky, largemouth bass, bluegill, crappie and perch fishing.

Relax in one of our two, three, or four bedroom cabins or A-frames. All cabins have lake views and include microwaves, TV's, BBQ's and screened porches or decks. Wireless internet is available at the lodge.

We offer a newer, extensive metal dock and a variety of boat rental packages. We also offer dockside services including gas, bait and ice.

The lodge has a bar/lounge (with snacks and pizza), pool table, and heated outdoor pool. We also have a lovely deck overlooking the lake.

Our four seasons resort offers very spacious homes at **"Break on the Lake East"** A cluster of newly built vacation homes, complete with knotty pine interiors, tub and shower baths, color TV's, queen-sized and twin-sized beds, fully equipped kitchens with dishwashers, fireplaces, large decks and a great lake view.

**Break on the Lake Resort** is open year round for your enjoyment.

Enjoy beautiful fall colors, fall fishing, cross country skiing, snowmobiling, ice fishing, spring openers, and, of course, fishing and water sports in the summer.
